

Dear students of _____

We would like to make sure that all our new students know about Aarhus' big welcome committee The Warm Welcome Society, which is a big collaborative project involving associations, organisations, volunteers and educations based in Aarhus, including us.

The **Warm Welcome Society** hosts an exciting, different and engaging welcome evening for you and only 20-30 other young people. All of which are new in Aarhus and have the same hobbies, but who come from all over the city's many educations and work places.

The evening takes place in the marvellous halls of Vanebrudspalæet in Aarhus C, where volunteer citizen hosts will introduce the group to a number of the city's most welcoming associations, communities and urban projects within your field of interest. During the evening you will also plan together with a small group to visit the organisation, you find most interesting. The visit will be carried out during the weeks following the welcome evening.

With this initiative The Warm Welcome Society wishes to give you, who are new, a better chance to get started with old or new hobbies – and not least to allow you to find places where you feel at home and can make new friendships across studies and nationalities. Most people come on their own (since they are new in town) but you are more than welcome to bring a friend, just remember to buy a ticket each.

All you have to do now is to visit <http://www.varmvelkomstaarhus.dk/en/welcome/> and sign up for a welcome meeting with your favourite theme on a date that suits you. It's completely free.

We are pleased to be able to invite you to this amazing opportunity and we hope that you will take advantage of it!

The best wishes
Place of study
